Congratulations to edtech's best and brightest innovators, leaders, and trendsetters!

Finalists and winners for **The EdTech Awards 2024** have been announced to a worldwide audience of educators, technologists, students, parents, and policymakers interested in building a better future for learners and leaders in the education and workforce sectors.

Celebrating its 14th year, the US-based program is the world's largest recognition program for education technology, recognizing the biggest names in edtech – and those who soon will be.

“Warm and hearty congratulations to all The EdTech Awards 2024 finalists and winners—very, very well done! The EdTech Awards recognizes people for outstanding contributions in transforming education through technology to enrich the lives of learners everywhere.

Featuring edtech’s best and brightest, the annual program shines a spotlight on cool tools, inspiring leaders and innovative trendsetters across the K-12, Higher Education, and Skills and Workforce sectors.

The EdTech Awards recognize people—and the products they produce and lives they shape— with three main honors:

- The EdTech Cool Tool Awards
